

## Short and Soft Field Takeoffs and Landings

As spring arrives, and you wish to venture for those hundred dollar hamburgers, now it the time to brush up on those soft/short takeoff and landing techniques. All runways have a way of becoming wet and soggy. So just what constitutes a soft field? how does one handle a soft/short field? Learn a few of the procedures that may help you survive the various types of soft fields and the ways to get in and out of airports safely.

**Directions:** Two miles southeast of Chicago Executive Airport on highway 21 (Milwaukee Avenue).

### A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.

### Event Details
